Freedom to Learn

TOTARA THEATER SESSIONS: DAY 1

Monday May 20 2019

10:00 AM

Simplifying the Search *hosted by Synegen*

Third-party content providers are a valuable source of learning that is critical to many organizations. While these providers can rapidly expand an organization's content offerings, it can be difficult for learners to locate content and for administrators to track results. In this session, learn how Synegen and Red Hat, a leading provider of enterprise open source solutions, partnered to simplify searching, content delivery, and results tracking across Totara Learn, Kaltura, Allego, and Lynda.

10:30 AM

Why Training for Soft Skills Should Be Your Number One Priority *hosted by GO1*

With ever-changing technology, it's vital to have a workplace consisting of critical thinkers, excellent communicators, and people who can easily adapt. For your company's talent development endeavor, find out why it's essential to focus on soft skills training.

11:00 AM

Creating Impact Through Purposeful Design *hosted by Remote-Learner*

A good strategic partner in digital learning understands that a learning environment is more than just a vessel for hosting courses and managing learning accounts. It plays an active role in the learning experience and the outcomes that follow. In this session, Remote-Learner will share several real-world examples of how they have leveraged the power of Totara Learn's open source technology to design tailored learning solutions aligned to unique >

client goals and parameters. Remote-Learner will also share ways in which learning professionals can integrate some of these design strategies into their own learning environments.

11:30 AM

Best Practices for Report Builder *hosted by eThink Education*

During this session, eThink Education will share real reports and the best practices for building reports that users really want.

12:00 PM

Introduction to the Totara Community *hosted by Totara*

The Totara Community is the place to share ideas and collaborate with an engaged network of like-minded learning professionals. Develop your knowhow on the effective use of learning technology. Learn about Totara product functionality in the Totara Academy as well as guidance on best practices in learning administration, design, and delivery.

12:30 PM

Totara and H5P, Your Course-building Secret Weapon *hosted by Moonami*

Would you like to create engaging, interactive e-learning content for your LMS for free? H5P is a free-to-use authoring tool that makes it very easy to create interactive content such as interactive videos, multiple-choice questions, and a range of image-based questions to name just a few. Join this session to help you learn more about developing interactive e-learning courses and see what's possible in Totara Learn.

1:30 PM

Create a Highly Engaging Learning Program With Curated Content *hosted by GO1*

Staff want learning materials that are easy to access, relevant, up-to-date, and engaging. We'll discuss how curated external content can help employees engage with training content, as well as encourage a more effective learning culture.

2:00PM

Measuring Learning Engagement in Totara Learn *hosted by Remote-Learner*

Regardless of what industry you work in, being able to measure the engagement of your training and produce outcomes - whether they are to inform, teach, improve, or change - is critical to understand the likelihood of your training's success. This session will be a demonstration of a Remote-Learner reporting and analytics solution that gives your stakeholders access to the right data, when they need it, and in the right format. The solution, powered by Zoola Analytics, extended the reporting capabilities of Totara Learn to measure learner engagement through the KPIs that matter to your organization.

Freedom to Learn

TOTARA THEATER SESSIONS: DAY 2

Tuesday May 21 2019

10:00 AM

Dashboards – Totara Learn’s Superpower *hosted by eThink Education*

During this session we'll review real use cases for Totara Learn's dashboards and demonstrate how to get the most out of this feature.

10:30 AM

Freedom to Innovate *hosted by Synegen*

Open technology empowers an organization to precisely meet specific requirements, but do companies really take full advantage of open source? In this session, Synegen will share some of the most common ways organizations utilize the flexibility of Totara Learn's open source architecture to achieve freedom in learning.

11:00 AM

Improve Motivation and Engagement With Your Own Rewards Store *hosted by Remote-Learner*

Motivation and engagement are critical to reaching a goal. But L&D teams often find these components elusive - keeping the interest and attention of learners can be a struggle. This challenge is often compounded by external forces that cause stress and distraction, limiting the effectiveness of training. This session will be a demonstration of a Remote-Learner engagement solution that incorporates gamification elements by allowing users to establish a rewards store based on internal criteria. The solution, powered by Motrain, integrates seamlessly with Totara Learn to tie performance to relevant outcomes, helping learners develop a stronger connection to their instruction and organization.

11:30 AM

Going Beyond SCORM *hosted by eThink Education*

During this session, we will explore features of Totara Learn and how you can use them to create compelling and effective content directly in the platform.

12:00 PM

Totara Best Practices *hosted by Moonami*

Empower your team with an effective open source learning solution for training and development. Create training and onboarding processes, share knowledge across your organization and customize your LMS to reflect your company's processes and structure. Get an understanding of the power of Totara Learn in this best practice session.

12:30 PM

Supporting Your L&D With Totara Community *hosted by Totara*

The Totara Community brings together learning professionals from all over the world to learn and develop their knowhow on the effective use of learning technology in the workplace. Find out how you can collaborate with an engaged network of like-minded learning professionals on a wide range of topics including market trends, key learning technologies, best practices, and strategies for supporting effective learning and performance in the workplace.

1:30 PM

Totara Content Marketplace and GO1 Premium Content Spotlight *hosted by GO1*

GO1's content marketplace spans content from areas of compliance, professional development and more! Join us as we take you through the highlights of the content marketplace and content providers allowing you to boost staff engagement and positively impact your bottom line.

2:00PM

Building for the Brand *hosted by Synegen*

Managing required learning, compliance tracking, and reporting within a single brand can be a challenging task, but an essential one to provide effective and measurable learning to an organization. In this session, learn how Albertson's, one of the largest food and drug retailers in the United States, and Synegen utilize the freedom and flexibility of Totara Learn to successfully enable brand-based learning for more than 19 different brands.

2:30PM

Totara and H5P, Your Course-building Secret Weapon *hosted by Moonami*

Would you like to create engaging, interactive e-learning content for your LMS for free? H5P is a free-to-use authoring tool that makes it very easy to create interactive content such as interactive videos, multiple-choice questions, and a range of image-based questions to name just a few. Join this session to help you learn more about developing interactive e-learning courses and see what's possible in Totara Learn.

TOTARA THEATER SESSIONS: DAY 3

Wednesday May 22 2019

Bigger Ideas.
Smarter Training.
Greater Impact.

9:30 AM

Best Practices We Use in the Totara Community hosted by Totara

Currently, there are thousands of learning professionals within the Totara Community who are sharing knowledge, best practice, and their learning technologies success stories every day. It's a place for all learning professionals to learn and develop their own craft. It's open to anyone who has a strong desire to support their learners with powerful, engaging learning experiences - come and join us.

10:00 AM

Give Your Organization The Freedom To Innovate: The JLG Case Study hosted by Remote-Learner

In this second-chance session you will learn how, together with Remote-Learner, JLG redesigned their learning experience and tailor the presentation of content using a custom solution built on the Totara Learn platform. JLG harnessed the power of Totara's flexibility to enable an interface flexible enough to display and track online videos, classroom training, and e-learning from the same intuitive interface. This strategy allowed them to filter all learning content into a single searchable interface tailored with the precise values of JLG's requirements. Furthermore, the open source platform enabled several custom integrations that allowed them to extend the reach of their solution.

10:30 AM

Lessons Learned in China hosted by Synegen

For many organizations, China may offer substantial potential for business opportunities. In this session, learn how Synegen helped Genesis Rehabilitation Services, a leader in physical therapy services, successfully implement Totara Learn to expand their training offerings into the Chinese market.

11:00 AM

Influence, Impact and Engage Staff Learning - How to Develop a Culture of Learning hosted by GO1

Building a company culture of learning is an essential part of developing - and retaining - skilled employees, while creating a more engaged and productive team. Discover how to develop continuous learning habits in your organization.

11:30 AM

Totara Best Practices hosted by Moonami

Empower your team with an effective open source learning solution for training and development. Create training and onboarding processes, share knowledge across your organization and customize your LMS to reflect your company's processes and structure. Get an understanding of the power of Totara Learn in this best practice session.

12:00 PM

How to Win at Using HR Import hosted by eThink Education

During this session we'll explore simple implementations of HR Import that still provide the power and effect of organizations and positions for the end users.

12:30 PM

Supporting Your L&D With Totara Community hosted by Totara

The Totara Community brings together learning professionals from all over the world to learn and develop their knowhow on the effective use of learning technology in the workplace.
